

Special announcement to members from Africa

We are pleased to announce the collaboration with HealthCareAsia (HCA) for facilitating medical travel to India. To know more about HCA please visit www.healthcareasia.net. Under the guidance of ICMDA management, HealthCareAsia will provide the following:-

1. End-to-end services for patients traveling to India from Africa for medical treatment.
2. HCA has already created a network of Christian hospitals to ensure that patients receive ethical medical treatment.
3. All support services at a single point of contact with complete transparency and integrity.

Services provided by HealthCareAsia

1. Pre-travel counseling by providing all relevant information, including
 - guidance for visa process
 - ticketing , if required
2. Multiple hospital and location choices,
 - Confirmed hospital admission
 - Details of treatment process & cost, Duration of stay etc .
3. Dedicated relationship team to ensure convenience and comfort of the patients and their companions at all times - from the time they land in India, all through the treatment duration and return to the home country
4. Post surgical/hospitalization care through “at home nursing or caretaking” (In India)
5. Facilitation of post surgical/hospitalization consultation and follow up
6. Hassle free arrangements for travel, appropriate diet, and family stay
7. Facilitation for any personal/leisure trip within India (on request basis)
8. Ability to handle special needs, e.g., language support, personal counseling
