

Urgent need!!!

“Therefore, go and make disciples of all nations And surely I am with you always.” (Matt. 28:19-20) There is an opportunity to share the love of God through medical ministry and fulfill God’s command and a chance to hear/see the Gospel is available to all who come to Women’s Christian Hospital.

Women’s Christian Hospital, Multan Pakistan is 100 beds Women & Children hospital, with special emphasis on OB/Gyne and pediatrics. The hospital has been serving this part of Pakistan for last 116 years. The hospital is owned by the Women’s Union Missionary Society, which is registered with the government under the Societies registration Act 1860. From its beginning the missionary doctors and other expatriate staff have been helping the hospital in several capacities with their volunteer services for long term as well as short term. Several other expatriate have also visited the hospital in the past, to see the possibility of helping us in future.

Early this year one of our senior doctors (Ob/gyne) and her husband (pediatrician) have migrated to Canada. Therefore, we are left only one senior doctor and two junior doctors. There is one possibility of a Family Physician from US for long term service, but her arrival is subject to visa approval.

Therefore, pray with us for this urgent need:

- **Christian (Missionary) Ob/Gyne for long term service**
- **Christian (Missionary) Ob/Gyne for short term service (1 or 2 months)**

We have few Missionary visa slots available for long term services with us. The short term visitors can apply for the visit visa to Pakistan and we can provide the invitation letter. For more information about the hospital you can contact us:
