BURSARY FUND APPEAL

We feel sure that you are as excited as we are about the XVI ICMDA World Congress and Student/Junior Graduate Pre conference to be held in Hyderabad, India from 21 - 26 August 2018. Should you not already have done so, we invite you to visit the website <http://icmda2018.org/> and register to be there.

Our hope is that every member country and contact group will be represented, making it truly a Congress of the ICMDA family around the world. In some corners of the globe there are sure to be those for whom being there will remain but a distant dream.

Such a dream can become a reality. Christian graduate and student colleagues, who would not otherwise be able to attend, are supported by the ICMDA Bursary Fund. The fund seeks to cover registration, accommodation plus a small contribution to travel costs amounting in total to an average between US\$295 - \$650 (Euro 250 - Euro 552) per person. Over the years so many have been enabled to share in this "life changing" experience and we trust that even more will come in 2018.

Your contribution to the Fund can make all the difference. We invite you to help towards reaching our target of US\$ 180,000 (152,000 Euro). Your gift may be made to:
