Starting & strengthening  
national Christian medical  
& dental movements

AUGUST - SEPTEMBER

# ICMDA

The International Christian Medical & Dental Association

When a trumpet sounds in a city,  
do not the people tremble?  
When disaster comes to a city,  
has not the LORD caused it?

Amos 3:6

**T**he Lord God Almighty is a Sovereign God. The Scriptures teach us that he alone causes the sun to rise each day, he knows when each sparrow falls to the ground, and as the verse in Amos above declares, even disasters are in his sovereign hands. Though people tremble and fear the unknown, believers have confidence in the one who created the heavens and the earth. Our days are numbered by him, so too is each event and crisis in the world. Knowing who is ultimately in control brings peace and confidence because the Lord has proven himself to be a good and loving God.

Each nation, member group of ICMDA and individual listed in this diary need to put their hope and plans in the hands of this sovereign God. As you pray through our 14 regions (expanded recently from an original twelve) it is an act of faith in God - knowing that it his purposes for his world that we want to see fulfilled. May the suggestions for prayer each day lead us to pray in the Spirit and according to the will of God.

Thank you for praying with us.

May you know the grace and peace of the Lord Jesus Christ more and more each day.

generation's prospects.

## Wednesday 02

Thank God for new contacts made in **Cuba, Dominican Republic, Barbados and Jamaica**. May each of these conversations bear fruit and open up opportunities for a greater work among Christian healthcare personnel in the region.

## 5-8 September West Africa

### Saturday 05

Today is the **International Day of Charity**. ICMDA relies on the charitable support of many individuals and trusts to support our 'tent-maker' fieldworkers, to provide bursaries for those who cannot afford to attend key events, and to give scholarships to those wishing to study on our family medicine programme. Pray that the Lord would continue to provide all our needs.

### Sunday 06

The **CMDA of Nigeria** recently held their national conference online with the theme Greater Works - Making Impact Amidst COVID-19. Pray for all those who attended to follow the calling of their Lord in doing great works in his name.

### Monday 07

Pray for **Isaac** as he leads a rejuvenated fellowship in **Gambia**. He attended the Sydenham training course run

by the UK CMF and is now rallying students and junior doctors to support one another in Africa's smallest country of just 2.4 million people.

### Tuesday 08

Pray for our fieldworkers in West Africa, Regional Secretary **Anthony (Ghana)**, and Area & Regional Representatives **Alex (Nigeria)** and **Jacqueline (Ghana)**. As they support national movements and encourage students and junior doctors, may the Lord lead, guide and bless all their efforts.

## 9-12 September **MENA**

### **Wednesday 09**

---

Pray that the Lord would send **more workers** into the harvest across North Africa and the Middle East. Many are searching for truth and meaning in their lives and for a worldview that makes sense. May many Christian doctors and dentists be called to this work.

### **Thursday 10**

---

Today is **World Suicide Prevention Day**. Every year over 800,000 people commit suicide, affecting their loved ones and communities in devastating ways. Pray for those working in suicide prevention and for the church to be a source of hope,

help and healing to all those affected by suicide.

### **Friday 11**

Pray for the archipelago of **Bahrain**, a country of just under a million people. There are greater freedoms here for Christians compared to neighbouring countries - pray that it would continue, and that ICMDA contacts may in time form a national fellowship of doctors and dentists.

### **Saturday 12**

Join with the **Healthcare Believers Fellowship in Israel (HBF)** as they pray for the Lord to provide for their financial needs, for greater engagement by workers across the country, for a time of revival among believers and for open doors to serve the Lord through medicine.

## 17-21 September Europe

### Thursday 17

---

Today is **World Patient Safety Day**. This is a new day in the annual calendar, but an important one as 134 million adverse events occur each year due to unsafe care in hospitals in low- and middle-income countries, contributing to 2.6 million deaths annually. Pray that awareness campaigns today would improve patient safety.

## 22-26 September

# Southern Africa

### Tuesday 22

### Wednesday 23

---

As we went to print, contacts in **Lesotho** reported that cases of coronavirus were going up while their government systems were not yet ready - there is fear they will be overwhelmed. Pray that these fears would not be realised and that the Lord would have mercy on this nation of just over two million people.

### Thursday 24

---

Pray for **Augustin**, a DRC national, based in South Africa. He plays a key role in supporting the 2022 World Congress Committee, encouraging the growth of French speaking groups, alongside speaking, writing, translating & developing

tools to assess the needs of our members.

### Friday 25

---

**Angola & Mozambique** are the two largest Portuguese speaking nations outside of Brazil. There are Christian medical groups in both these countries. Pray for **Preciosa** and **Celso** as they lead their fellowships and look to join ICMDA soon.

### Saturday 26

---

**South Africa** has been the worst hit African nation by COVID. Pray for this nation of 59 million, that there would be political peace, economic stability and an end to unjust inequalities and racial tensions. May the CMF here be bringers of light amid the darkness.

# 27-30 September North America

## Sunday 27

---

Pray for the CMDA **marriage enrichment weekends** run each month for pressured healthcare professionals. May these retreats strengthen relationships and protect marriages to enable them to love one another well and continue to serve the Lord through their vocations.

## Monday 28

COVID has affected the finances of many groups, including those in **Canada** and the **US**. As we look to the Lord to provide every need, may he give wisdom to the boards and leaders of these fellowships to make prudent and faith-filled decisions.

## Tuesday 29

---

Today is **World Heart Day**. People with heart failure are more vulnerable to COVID-19. Pray for campaigns today to increase awareness and to support the 26 million heart failure patients worldwide.

## Wednesday 30

---

Thank the Lord for the many **resources** that **CMDA US** produces for the building up and equipping of medical students and graduates - whether it is online publications, regular podcasts, a mobile app for students and much more. These are a blessing and available to groups around the world.

We are praying that the Lord would lead the work and ministry of ICMDA in 2020.

We rely on subscriptions from our 84 member organisations to pay for our central office, but we depend on additional donations to cover our field and development work.

Your donation would be an investment in seeing more Christian medical and dental movements being started and strengthened around the world.
